

Lucid Air GT Pre-Delivery and At-Home Delivery Checklist

Pre-Delivery

1. Check accent parts for consistency (there have been customer reports of hybrid matte and polished finishes versus all of one or the other).
2. Check for proper functioning of all cameras.
3. Check front seats heat and cool function.
4. Check rear seats heat function.
5. Check seat belt retraction and height adjustment – all seats.
6. Check front seats massage functions – all settings (particularly deep setting on Levels 1,2, and 3 to see if any difference).
7. Adjust side bolsters all the way in and out to see if any “popping” noise.
8. Check air vents adjustability.
9. Check windshield wipers – proper seating and operation.
10. Check trunk tubber gaskets around entire trunk perimeter.
11. Check trunk alignment (side to side, squarely installed within opening?)
12. Check trunk clearance at bottom edge (customer reports of sharp edges, marks, and damage).
13. Check all door seals.
14. Check doors to ensure no interference with each other (customer reports that passenger rear door hit front door when open, even though panel gaps looked OK).
15. Open and close trunk multiple times to ensure smooth operation using fob and from inside car.
16. Make sure all door handles respond to pushing/pulling.
17. Check fob operation – locking and locking vehicle based on departing/approaching?
18. Rear license plate attachment – proper screws and tightness.
19. Quality of glass and carpets? Scratches on paint or glass?
20. Confirm windshield has “open corner” for SunPass or other transponder at lower right corner on right-front passenger side.
21. Window shades fully operational with all controls.
22. Battery state of charge (between 60 and 80 percent?).
23. Touch-up paint availability?

At Delivery

1. Profile setup, including facial recognition (with and without sunglasses for each driver?).
2. App and Mobile Key setup, including Electrify America setup in App.
3. Siri shortcuts in Lucid app.
4. Key Card setup.
5. Homelink setup.
6. Alexa setup.

7. Explain reboot procedure(s) – soft and hard?
8. Check charger operation with home outlet.
