

Lucid Home Charging Station Explainer

Connected Home Charging Station specs

The Lucid Connected Home Charging Station (LCHCS) is a wall-mounted charging station that offers you much faster charging and a convenient home charging setup. We expect its release in Q2 of 2022.

- **Elegant design and compact build**
 - 14.1 in x 10.6 in x 5.5 in
 - 18 lb
 - 24 ft cable
- **Up to 80 miles of range per hour of charge**
 - Twice the maximum charge rate of the Mobile Charging Cable
 - Up to 19.2kW (240VAC @ 80A) in North America
- **Built for indoor and outdoor use**
 - Holds up in rain, sleet, and snow
 - Undamaged by external ice
- **Hardware-ready for bi-directional charging**
 - Vehicle and charging station software will enable this when available (additional gateway required for this functionality)
- **Widescale compatibility with any EV**
 - Utilizes the J1772 charging standard like most other automakers

- ⚡ Charge port
- ▭ Recommended installation area
