### Lifting the Vehicle

## Lifting the Vehicle

**⚠ WARNING:** Never raise the vehicle when the charging cable is connected, even if charging is not in progress. Always disconnect the charging cable before raising the vehicle. See [Disconnecting the Charging Cable](#).

**⚠ WARNING:** Do not work on an incorrectly supported vehicle. Doing so can cause serious damage, bodily injury, or death. The lifting points for the vehicle are located at the positions shown below.

Ensure that any non-Lucid repair facility servicing your vehicle is aware of these lifting points when raising your vehicle on a lift.

**⚠ CAUTION:** These are the only approved lifting points for your vehicle. Lifting the vehicle at any other points may cause irreparable damage to the vehicle.

### Steps for Lifting the Vehicle

1. Position the vehicle centrally between the lift posts.
2. Position the lift arm pads under the designated body lifting points at the locations shown.  
**⚠ CAUTION:** DO NOT position the lift arm pads under the vehicle battery or side rails.
3. Adjust the height and position of the lift arm pads to ensure that they are correctly located.
4. With assistance, raise the lift to the desired height, ensuring the lift arm pads remain in their correct positions.
5. Engage any lift safety locks. Follow the lift manufacturer's instructions.
